

## FOUR COURTS

### The Seat of Justice Shows Unusual Activity Today

### Judges Morris, Arbuckle, Rupe and the County Commissioners Hold Sessions This Morning.

A visitor at the court house this morning would have noticed unusual activity there, as four courts were in session at some time during the morning.

Judge Morris instructed the jury in the case of Fearnought vs. the Indianapolis Street Railway Company and they were sent to the jury rooms to deliberate on that case.

The case of State ex rel Zengel vs. Stamm, which was set for Tuesday was continued over until Friday, May 13th.

The cases of Wilkinson vs. Gola Bowman et al., James Gatewood vs. Obadiah Bowman et al., and George Ewing vs. same defendants were tried and judgment rendered for \$395.20, \$282.18 and \$103.05 respectively.

Rules to answer were taken in several cases and answers filed in a few other matters of small importance.

Judge Rupe, of Richmond, special judge in the gas cases came today and took up the case of the city against the People's Gas company wherein the question of meter rent is to be tried, and the evidence, ordinances and resolutions were introduced in evidence.

J. T. Arbuckle, special judge in the case of Colville vs. the Culbertson estate tried the case this morning and rendered judgment against the estate for \$355.

In the Commissioners' court there was not much doing outside of the allowances of the usual bills. The petition of Jas. Hardwick et al., to locate a high way along Big Flatrock in Orange township was granted. The road runs from Big Flatrock church, south along the river and has been used as a road for more than twenty years.

## ORANGE COMMENCEMENT

### Rushville Parties Highly Complimented.

The Connersville News in its report of the Orange commencement pays a high tribute to Rev. V. W. Tevis, and to the quartette from this city. It says:

"The high school commencement held at Orange, Thursday night, was a grand success. The house was filled to overflowing."

"Promptly at 8 o'clock the graduates, in lovely attire, marched to the platform to the music of the harp by Signor Marone, of Indianapolis. The St. Paul's quartette, of Rushville, composed of C. B. Thomas, F. R. McClanahan, O. W. Holmes and F. M. Sparks, rendered most enjoyable music, being repeatedly encored."

"After the brief invocation by Rev. W. F. Schrontz, J. E. Clifford, principal of the Orange high school, introduced Dr. Tevis to the audience as the one to answer for them the question, 'How am I to make a success of life?' Dr. Tevis in his eloquent and humorous way spoke for more than an hour and all were loath to have him close. Dr. Tevis has rare power as a speaker, and it is the opinion of many that Orange has had no greater treat than that of his address, last night."

"Superintendent Ochiltree, in presenting the diplomas to the class, said in the course of his remarks that the graduates should endeavor always to have their friends and parents feel as proud of them as they do tonight."

Signor Marone is a master of the harp, and his music was much appreciated."

Negotiations are proceeding between the Amsterdam and Antwerp diamond merchants for the formation of a combination which will enable them to fight the De Beers mine, which controls the world's output, and the London trust, which practically rules the trade.

Mr. Witzendacher will call on you in a short time and give you an opportunity to subscribe for the best daily ever published in Rushville. You can not afford to be without it. All the news all the time and a local paper for the people.

## THE CHURCHES

### Large Crowds Greet Each of the Ministers

### The Sermons Were Much Appreciated and Were Timely and to the Point.

Yesterday was a good day and nearly every citizen of our town was at church either morning or evening.

At the M. E. church, Dr. Tevis preached two forcible and well directed sermons which were favorably received. The choir gave some special music in the morning and in the evening, Miss Ruth Tevis sang a beautiful solo.

At the Christian church, Rev. W. W. Sniff addressed two of the largest regular meetings ever held. His sermon in the evening was directed to young women, and was pronounced one of the best ever delivered to that congregation. In the morning, B. F. Miller sang a solo, and in the evening the Misses Hazel and Ida Spurrier sang a duet. The choir also furnished some fine selections.

At the U. P. church Rev. McGarey preached two forcible sermons, the one in the evening being on "Spiritualism," which was highly appreciated. Good crowds were in attendance morning and evening.

At the Presbyterian church Rev. Whitlock, of Chicago, preached to large congregations morning and evening. His subjects were, morning, "God's Providence;" evening, "Sins and Retribution." Rev. Whitlock will come the last of the week to remain here until the return of the regular pastor from abroad.

At the Catholic church, yesterday a Forty Hour Devotion was opened by Rev. Laycock, the renowned missionary. He took for his subject in the morning the text "Fear not, for I Bring you Glad Tidings of Great Joy. In the evening his subject was "I am the Lord thy God." Services will be held this evening and tomorrow. On Wednesday night Father Laycock will give a lecture at the church. "Why I Became a Catholic."

## DENMARK'S NEUTRALITY

### Harbors to Be Mined and Closed to Warships of Belligerents.

Copenhagen, May 2.—A royal decree dated April 27 has just been published. It declares that since Denmark will observe strict neutrality during the Russian-Japanese war orders have been given for the purpose of enforcing this neutrality in the event of warlike operations extending to the neighborhood of Denmark. The inner navigable waters south of the island of Zealand, bounded by the meridians of the island of Omo and the town of Stege, shall be closed by fixed submarine mines and access thereto and to the roads and harbor of Copenhagen shall be prohibited to the warships of the belligerents. Otherwise the warships of the belligerents shall be free to put into Danish ports, subject to international neutrality regulations.

## Infected Soap Causes Death.

Fort Wayne, Ind., May 2.—Marcus E. Jones died at South Whitley from blood poisoning, due to infection caught from using a cake of soap which had just been used by a doctor after dressing the tubercular leg of a patient. Jones had an abrasion of the skin on one hand, and in a few hours it began to pain him seriously and the hand became swollen out of shape. Medical science could not check the progress of the poison and Jones died in great agony.

## WHO WILL VOTE FOR A CHANGE?

### Republican City Administration A Financial Success--City Debt Rapidly Diminishing.

The City of Rushville, OWNS the water and electric light plants and these represent the debt of the City.

These plants are TANGIBLE PROPERTY and are worth in cash, at least \$25,000, and with franchise \$50,000 MORE THAN OUR ENTIRE CITY DEBT.

The net earnings of the plant now EXCEED \$1000 per annum and there will in the future be a steady increase in income.

If the financial interests of the City are as WELL MANAGED in the FUTURE as they have been during the PRESENT ADMINISTRATION, the entire indebtedness of the City will be wiped out within the next SIX YEARS.

The Republican party stands PLEDGED TO CONTINUE the present policy along this line.

This is not all. The City has FREE WATER and FREE LIGHTS. These items cost cities of the same class as Rushville \$12,000 PER ANNUM. To sell the water and light plants would mean an addition of 25 per cent. to the tax rate.

The City debt was reduced during LAST YEAR \$10,300 with the SAME TAX RATE as in preceeding year. This certainly shows good management and frugality. Municipal ownership is a success in Rushville and our people are to be congratulated on owning their own water and light plants.

### WHO THEN IN THE FACE OF THIS SHOWING WOULD VOTE THE CITY GOVERNMENT INTO THE HANDS OF THE UNTRIED PARTY?

## BASE BALL

Huggins, the Cincinnati's second baseman is the find of the season. He is playing a fast game and is batting among the leaders.

Indianapolis and St. Paul did not play yesterday.

St. Louis won the game from Cincinnati yesterday in the ninth inning with two men out.

Dolan Pietz, Hahn and Seymour have been laid up all last week, putting the Reds out of the list of winning possibilities.

The Dusseldorf's and Anderson did not play yesterday owing to a disagreement over money matters.

Greenfield was defeated by the Marion Owls yesterday, 5 to 4.

Lawrence, Ind., defeated the Ma-lott Parks, of Indianapolis, by a score of 9 to 0 yesterday.

## RUSSIANS PUT TO ROUTE

Important Strategic Position On the Yalu Taken Sunday After Five Days' Severe Fighting.

The Russian Loss Is Placed at 800 While the Japanese Casualties Were 700.

Tokio, May 2.—The Russians were forced to abandon Antung yesterday. They burned the town and retreated to Feng Huan Cheng. The Japanese now control the estuary of the Yalu.

Tokio, May 2.—The Japanese have captured Chiu Tien Cheng, ten miles north of Antung, which is regarded as the key to the Russian position on the right bank of the Yalu river. It is expected that the Russians will retreat to Feng Huan Cheng, which is on the road to Liao Yang.

St. Petersburg, May 2.—The general staff account of the operations on the Yalu river Sunday is as follows: "At 4 o'clock this morning Japanese field batteries with forty-seven guns opened a terrific fire on our position at Tur-onchen and on our troops posted near Potietinsky. The overwhelming superiority of the Japanese in artillery and the heavy losses their fire inflicted on our troops occupying these positions made it clear to General Sassulitch that it was impossible to hold Turonchen. Consequently the troops were ordered to retire from Turonchen while still holding the Potietinsky road. When General Sassulitch dispatched his telegram the Russian troops were retiring in good order from Turonchen and Schakheday to their second position and the battle was continuing at Potietinsky and Tehin Gu."

## MANY WERE KILLED

In Renewal of Hostilities Between Armenians and Kurds.

Constantinople, May 2.—According to official advices there has been serious fighting in the Sassun district of Asia Minor between the troops and Armenian insurgents numbering 2,000. The troops lost twenty killed and twenty-three wounded. Twelve villages in the Talori district have been destroyed, but whether by insurgents or Kurds is not known.

There are 10,000 troops in the disturbed area. Private advices say that the Kurds attacked two villages north of Sassun, losing twenty-six killed.

The Sassun district of Asia Minor became notorious in 1894 because of a series of massacres of Armenians by Kurds. In the same year there were massacres of Armenians in the neighboring districts of Bitlis and Mush.

## ELECTION DAY

### Every Citizen of Rushville Should Cast His Vote

### Taxpayers all Vitrally Interested in Selection of Officers Tomorrow—Election in Many Cities.

The municipal elections for the election of officers for the next two years will occur in many cities in Indiana. In Rushville, as in other cities of the state, it will be conducted in accordance with the statute governing Indiana elections.

The polls will be open from 6 o'clock in the morning until 6 in the evening. The qualifications of a voter are that he be a resident of the state for sixty days prior to next Tuesday, that he shall have resided in the county sixty days and in the voting precinct thirty days. The law is an old one, but many voters seem to have forgotten its requirements. There have been numerous men who have lost their votes by moving from one precinct to another during the past month.

The prospects are exceedingly bright for the success of the Republican ticket, from Mayor down, and if all Republicans vote, and vote their ticket, there is no doubt, as the city is safely Republican.

The campaign has been very quiet, but for the newspaper war, which has awakened quite a bit of interest.

This is as it should be. The placing of the reins of city government in the hands of untried men, or an untried party is dangerous and generally costly.

The present council has not only been a conservative one but a debt-reducing council. The Republican party stands committed to the course pursued by them which means that they will favor fifteen cent gas and improvements within the means of the city.

Voters should not regard the election as a mere form, but should take an interest and elect the men who will transact your business according to your ideas.

A few local politicians are trying to work the "band wagon" racket on mayor by "bluffing" the fellows, but Elijah Oldham made a local ward heeler put a five dollar bill back in his pocket Saturday, so that their talk about the certainty of Hall's election is "hot air."

Be at the polls and get there as early as possible so that the vote may be looked after. We have a good ticket from top to bottom, and no Republican need waver or hesitate to vote the straight ticket. By marking a cross "within the circle and not elsewhere" occupied by the eagle, you not only do your duty as a Republican, but are voting for the best, most reliable and conservative men. Don't fail to vote and vote right.

A fund of \$25,000 is to be raised in Colorado to enable the Colorado promotion and publicity committee to fulfill its purposes of booming the State. Its first effort will be to prepare a book called "Scenic Colorado," which is promised to be among the handsomest of the kind ever published, and to include a description and illustration of every famous Colorado scene.

## ATHLETIC CLUB

### Cincinnati Team Proves Easy Money for Rushville

### Wagoner Pitches Superb Ball and Pruitt is not Missed—Saturday's Game

Pruitt did not pitch for Rushville yesterday, but Pruitt was not needed. The alleged crack athletes from the Queen City proved an easy mark for the locals and were buried without ceremony.

At the beginning of the game and for the first few innings it seemed as though he home team would have some opposition. But in the fifth inning the "Big League" possibility accompanied by his comrades, started on an aerial flight of extended proportions, and when they got back they found the score marker out of chalk, with eight scores to the good.

After that the Athletics were never in the game. The change of pitchers was not noticeable to the home boys who still persisted in pounding the ball to every corner of the lot. Hendricks carried off the batting honors with a home run on along drive to the suburbs of Circleville, and Wagner and Carter both secured long hits.

Wagner's pitching was of the highest order, only one earned run being credited to the Macon team.

Strong, the new center fielder, satisfied the fans with his ability as a batter and Stewart, the Indianapolis man, who looked after things in the second garden and who signed with the Marion Indiana Central League team for trial and did not make good, proved himself there with the goods.

The local team piled up a score of fifteen and held the Cincinnati team down to two runs. Only four errors were marked against the locals and they obtained fourteen hits off the Cincinnati pitcher.

Get out the vote.

Let it be victory!

Watch out for ROORBACKS!

Remember "OUR RIGHT TO  
 WIN."

Cross in the circle where the eagle  
 reigns supreme.

The Republican who crosses the circle  
 takes no chances.

The Jack is troubled over the position  
 of the editor on the gas rate question.  
 Did you ever know of a man  
 who was simply a CONSUMER and  
 not in any way connected with a gas  
 company WANTING THE RATES  
 INCREASED? We are no exception  
 to the general rule, Mr. Jack.

The Jack has had plenty of OPPOR-  
 TUNITY to tell the voters all about  
 the city campaign. Anything NEW  
 you find this evening should be taken  
 "with a little salt," because the other  
 side of the question CANNOT BE  
 GIVEN. The Republican party gives  
 NOTHING NEW, nor does it under-  
 take to SPRING ANY SURPRISES.

"Enthusiastic Roosevelt men are not  
 numerous in this county," says the  
 Jack. There are many enthusiastic  
 Hearst men in the Democratic ranks,  
 but the Jack has been afraid to say  
 who it is for. The bosses and machine  
 says "Be for Parker," but the voice  
 of the men who do the voting says,  
 "Be for Hearst." Where are you  
 Jack?

"The Jacksonian is the only paper  
 in the city that has taken a stand  
 squarely for low gas rates,"—Jack-  
 sonian. When did they ever take a  
 "stand." They have done nothing  
 since the beginning of the campaign  
 but shout "platform," "pledge," and  
 the like and the alleged platform AD-  
 MITS that it has no objection to  
 TWENTY-FIVE CENT GAS and  
 METER RENTS by saying, "We are  
 opposed to ANY INCREASE." Vote  
 for the party that has brought suits  
 to enjoin the companies from collecting  
 more than FIFTEEN CENTS.

The Democratic PLATFORM says  
 "We are opposed to ANY INCREASE  
 in the PRICE of NATURAL GAS." What  
 is the PRICE of natural gas, fellow  
 voter? Does the Democratic  
 party mean by that statement, that  
 they are OPPOSED to the rate being  
 increased to more than TWENTY  
 FIVE CENTS? For the old company  
 to go right along and charge twenty-  
 five cents THE PRESENT RATE  
 would not be in violation of the  
 PLEDGES they harp on so much,  
 because they have no objection to  
 EXISTING RATES. The Republi-  
 can party is PLEDGED to FIFTEEN  
 CENT GAS, because we stand on  
 our present record, and the new coun-  
 cil will continue the fight for FIF-  
 TEEN CENT GAS. It can be read-  
 ily seen that the platform makers of  
 the Democratic party intended to mis-  
 lead the people by saying that they  
 were "opposed to increasing of rates."  
 The Republicans are not simply op-  
 posed to increasing the present FIF-  
 TEEN and TWENTY-FIVE CENT  
 rates but are in favor of FIFTEEN  
 CENT GAS.

## WHERE TO VOTE

It is important that every Republi-  
 can in the city cast his vote today  
 (Tuesday,) and it is equally impor-  
 tant that the vote be cast in the right  
 voting place or precinct.

The voting places and precincts are  
 as follows:

**FIRST WARD.**—Precinct number  
 1. All that part of First ward de-  
 scribed as follows:

Beginning in center of south end of  
 Perkins street, running thence north to  
 Sixth street thence east to Willow  
 street, thence north in center of Willow  
 street to J. M. & I. Railroad. Voting  
 place—Catholic church hall.

Precinct number 2. All that part  
 of the First ward lying west and  
 north of precinct number one. Voting  
 place—rear of Farmers' Bank.

**SECOND WARD.**—Precinct num-  
 ber 3. Beginning at the corporation  
 line on the south end of Main street,  
 running thence north on Main street  
 to center of Second street, thence west  
 on Second to corporation line. Voting  
 place—Caldwell's livery barn.

Precinct number 4. All that part  
 of the Second ward, lying west of the  
 center of Main street, and north of  
 the center of Second street. Voting  
 place—Bowling Alley.

**THIRD WARD.**—Precinct number  
 5. All that part of the Third ward  
 lying north of the center of the C.,  
 H. & D. railroad and to the L. E. &  
 W. and running thence south of the  
 Shelbyville pike, thence west on the  
 north side of said pike to the corpora-  
 tion line, the east line being the center  
 of Harrison street to the corpora-  
 tion line. Voting place—Small build-  
 ing north of C., H. & D. passenger  
 station.

Precinct number 6. All that part  
 of said ward lying north of the center  
 of the C., H. & D. railroad and  
 east of the center of Harrison street.  
 The east line of this ward is the center  
 of Main street. Voting place—Barber  
 shop adjoining Brann's grocery.

## HOW TO VOTE

To vote a straight Republican ticket  
 make a **X** WITHIN THE CIRCLE  
 which surrounds the EAGLE. Make  
 no other mark on your ticket.  
 Any other mark than the **X** will spoil  
 your ballot and you will lose your  
 vote. Use nothing to mark the **X** but  
 the blue pencil that will be given you  
 by the clerk. Should you by accident  
 mark on your ballot, return it to the  
 poll clerk and get a new one. Before  
 leaving the booth fold your ballot so  
 that the face cannot be seen, and so  
 that the initial of the poll clerk on  
 the back can be seen. DON'T BE A  
 STAY AT HOME. BE SURE  
 AND GET OUT TO VOTE. The  
 Republicans have a clear majority in  
 the city if the voters will DO THEIR  
 PART. Remember the battle-cry  
 sounded by our fellow townsman,  
 James E. Watson, in his keynote  
 speech, "LET EVERY MAN DO  
 HIS DUTY."

Vote for the party that STANDS  
 ON ITS RECORD.

The Republican candidates for coun-  
 cilmembers are in favor of IMPROVE-  
 MENT WITHIN THE LIMITS OF  
 THE CITY'S MEANS, AND WITH-  
 OUT GRAFT.

### JAPS GOOD FIGHTERS

The Twelfth Division Shows the Stuff  
 It Is Made Of.

Tokio, May 2.—Advices received  
 here state that the Twelfth division of  
 the Japanese army forced a crossing  
 of the Yalu river above Wiju just be-  
 fore dawn Saturday morning. The  
 second pontoon bridge across the river  
 near Wiju was completed at 8

GENERAL INOUE.  
 [Commander Twelfth division Japanese  
 army, now on the Yalu.]

o'clock Saturday night and the imper-  
 ial guards of the Second division  
 crossed during the night, the Russian  
 left flank had been turned and a gen-  
 eral attack began at dawn Sunday.  
 Nearly all the Japanese batteries on  
 the south bank of the river and a flot-  
 illa of gunboats is co-operating with  
 the army. The Japanese have the ad-  
 vantage of position and numbers and  
 are confident of routing the enemy.

### POLITICAL GOSSIP

Some of the Things That Attract At-  
 tention Just Now.

Indianapolis, May 2.—Congressman  
 Jesse Overstreet has returned from  
 Washington and will spend a portion  
 of his vacation in Indianapolis. How-  
 ever, as usual during campaign years,  
 he will not have much time to himself,  
 as he has been re-elected secretary of  
 the Republican congressional cam-  
 paign committee. He says the com-  
 mittee has not selected headquarters,  
 but will probably locate in New York  
 again. He is very hopeful of another  
 large Republican victory, as he says  
 the party is in much better shape than  
 it was ninety days ago. Overstreet  
 predicts that Senator Fairbanks will  
 be nominated for vice president, and  
 that Hanly will be elected governor by  
 a plurality of 30,000.

Newspaper men who devote their  
 time to observation of the trend of  
 politics in Indiana are coming to the  
 conclusion that there is a growing  
 feeling among Indiana Democrats that  
 neither Judge Parker nor William  
 Randolph Hearst should be nominated  
 for president. The reason is that party  
 workers are apparently arriving at  
 the conclusion that Hearst and Parker  
 represent the two extremes and there-  
 fore that the nomination of either  
 would mean another disastrous split  
 in the ranks. Each man has developed  
 a big following in Indiana, but a very  
 well-known leader, who for obvious  
 reasons did not want his name used  
 in this connection declared today that  
 neither Parker nor Hearst will do, for  
 causes herein stated. He said that if  
 Mayor McClellan of New York or  
 Judge Gray of Delaware should be  
 brought out at the St. Louis conven-  
 tion that Indiana might be for them if  
 it were not otherwise instructed.  
 Whether or not it will be instructed is  
 a matter of speculation, but there is a  
 growing conviction that the delegation  
 should be untrammelled.

The Hon. Eb. Henderson of Mar-  
 tinsville will be a delegate to at least  
 one more Democratic state convention.  
 A decade or so ago no Democratic  
 gathering of note here was complete  
 without his presence, but there has  
 been a change since then. He has re-  
 tired to a farm near Martinsville, and  
 as he is now growing old very rapidly  
 he has practically retired from the  
 political stage. He has been elected  
 as a delegate, however, and will prob-  
 ably be on hand with the genial smile  
 that was once so well known. Hen-  
 derson was chairman of the state com-  
 mittee during the memorable cam-  
 paign of 1884, when Cleveland was  
 nominated. Subsequently he is said  
 to have been the author of a notorious  
 campaign ballad which created quite a  
 sensation. He always denied the au-  
 thorship of it, but when he came to  
 trying to secure a good federal posi-  
 tion under Cleveland his friends had  
 great difficulty in convincing Grover  
 to the contrary.

More than ordinary interest is man-  
 ifested in the outcome of the Third  
 district Democratic congressional con-  
 vention at New Albany Friday. It is  
 likely that many party leaders from other  
 districts will attend for the purpose  
 of witnessing the contest. The candi-  
 dates are Congressman W. T. Zenor of  
 Corydon and W. E. Cox of Jasper, for-  
 mer district chairman. A fierce fight  
 has been made for the delegations  
 from the various counties. The Fourth  
 district will hold its congressional con-  
 vention at Rising Sun on May 10, and  
 Lincoln Dixon of North Vernon will  
 be nominated. The date for the Demo-  
 cratic convention in the Twelfth, the  
 other Democratic district, has not  
 been set, but it is the general under-  
 standing that Congressman Robinson  
 of Fort Wayne will be nominated.

 town and the Mahoning valley are out

 and contractors' association refusing  
 to sign a scale for the coming year  
 making the minimum wage \$3 per day,  
 a advance of 25 cents over the present  
 scale which has just expired. The  
 journeymen plumbers did not go to

 have refused the demand of the  
 journeymen painters for an advance in  
 wages, and the union painters did not  
 report for work today.

## THE REPUBLICAN

Principles Upon Which Republicans  
 Will Fight the Campaign.

The Republican party in convention as-  
 sembled presents with profound satisfac-  
 tion the achievements of the nation since  
 the party was founded and entrusted by  
 the people with the control of our govern-  
 ment.

It has reunited a divided country, freed  
 the slaves, established the monetary sys-  
 tem on a gold basis, secured the national  
 credit, and developed the American system  
 of protection, until the United States is  
 the leading industrial nation of the world.  
 In the cause of humanity it fought a vic-  
 torious war on land and sea that other peo-  
 ples might be released from the burdens of  
 oppression.

These and other national deeds of peace  
 and war under Republican administration  
 have won the respect and praise of the  
 world, and placed our country in the first  
 rank among the nations.

And now, under continuing wise and pa-  
 triotic leadership, the Republican party  
 moves forward, maintaining and extending  
 its policies and its purposes, and with un-  
 shaken confidence and invincible support  
 and suffrages of the people.

We heartily and unreservedly endorse  
 the wise and patriotic administration of  
 Theodore Roosevelt. The president has  
 met the tremendous responsibilities of his  
 great office upon the high level of national  
 duty and national honor. His adminis-  
 tration has been thoroughly Republican and  
 genuinely American. It has advanced pros-  
 perity at home and maintained our navy  
 interests abroad. The laws have been fear-  
 lessly and impartially enforced as they  
 have been driven from the public service.

The people demand a continuance of the  
 present stable and prosperous conditions.  
 We therefore favor the nomination of  
 Theodore Roosevelt for the second term, and  
 hereby instruct the delegates chosen by this  
 convention to support his candidacy.

We pledge anew our confidence in the  
 wisdom and patriotism of the president.  
 This great Republican policy has abundantly  
 justified itself and its maintenance is  
 essential to the continuance of our indus-  
 trial independence and national prosperity.  
 It is demanded alike in the interest of both  
 American labor and capital. We favor  
 changes in conditions demanded by the  
 progress of the times, but such changes should  
 be made consistently with the policy of protection.

The Republican party has firmly estab-  
 lished the gold standard against violent  
 Democratic opposition. Our monetary sys-  
 tem, which is the best in the world, is the  
 rich fruit of Republican statesmanship.  
 We have more money among the people  
 than we ever had in the history of the re-  
 public, and it is of unquestioned sound-  
 ness and purchasing power.

We commend President Roosevelt for his  
 faithful enforcement of the laws applicable  
 to the maintenance of the national credit.  
 A wholesome trade and commerce, which  
 the Democratic party, when in power, refused  
 to execute, and to further prevent corpo-  
 rate evils, have placed on the statute  
 books additional laws providing for pub-  
 licity, preventing rebates by railroads, and  
 creating the Department of Commerce and  
 Labor for the more efficient supervision  
 and enforcement of the laws.

We approve the reciprocity treaty with  
 the republic of Cuba.

Our relations with the new republic  
 should always be such as are dictated by  
 justice and generosity to the people of that  
 republic, which bind the two peoples together  
 in commerce and amity may continue close  
 and unbroken.

We approve the course of President Roo-  
 sevelt in protecting the imperiled interests  
 of Americans upon the Isthmus of Panama;  
 in promptly recognizing the independence  
 of the people and the republic of Panama,  
 and in securing a treaty with that repub-  
 lic under which the United States may  
 construct an interoceanic canal in the in-  
 terests of the commerce of the world; and  
 we further commend the promptness and  
 promptness and energy with which he is  
 pushing forward the work of this great en-  
 terprise.

American administration in the Philip-  
 pines has resulted in peace to the people,  
 honest government, equal justice to all, im-  
 provement in material conditions and the  
 spread of education. No nation's work for  
 civilization has surpassed the work of the re-  
 public in the archipelago. To that policy  
 we will steadfastly adhere.

We favor the principle of arbitration in  
 the adjustment of international disputes  
 where they do not involve the national  
 honor, and we commend the administration  
 of President Roosevelt for its efforts to em-  
 body this principle in treaty compacts with  
 other powers.

The Republican party can never forget the  
 heroic services of our soldiers and sailors  
 upon land and sea. We believe in a just  
 pension policy, and that the nation should  
 borne the burden and heat of battle; their  
 widows and orphans.

We heartily commend the administration  
 of Governor Fairbank. During his term  
 the officials associated with him in the man-  
 agement of state affairs. It has been an  
 administration characterized by jealous  
 regard for the welfare of the tax-paying pub-  
 lic, by economy and successful endeavor for  
 the promotion of high standards in the con-  
 duct of the state's institutions, and by a  
 manifest devotion to the principle of com-  
 plete divorce of public affairs from  
 partisan purposes, and that the same scrup-  
 ulous care and close accountability should  
 be required in the transaction of the busi-  
 ness of the state as in the conduct of the  
 affairs of any other great business enter-  
 prise. It has been an administration ren-  
 dered notable in the history of the state by  
 the vindication, in a crisis, of the major-  
 ity of the law, which has attracted to it  
 the favorable attention of the country.

During the last ten years of Republican  
 control of state affairs the state debt has  
 been reduced from \$7,520,615.12 to \$2,102,  
 412.12, and the state tax levy from \$1,000,  
 000 to \$325,000, a net saving to the tax-  
 payers of \$100 of taxable property.

The average gross maintenance per cap-  
 ita of all the state institutions has been  
 reduced from \$178.76 in 1893 to \$100.18 in  
 1903, and with a population in these insti-  
 tutions of 12,640, as shown by the last  
 statistical report, this alone effects a saving  
 to the tax-payers of \$234,807.92 per an-  
 num.

During this period 50 per cent of the con-  
 tract labor in the state prisons has been  
 abolished, and by statutory limitation only  
 two more years remain for the continuance  
 of the contract labor system in the Reform-  
 atory at Jeffersonville. We declare our op-  
 position to any renewal of the labor-con-  
 tracts at the Indiana Reformatory, and we  
 are in favor of providing, in the language  
 of the statute, establishing the Reformatory  
 "for the thorough training of each and  
 every inmate in the institution, giving him  
 an education, training in industry or  
 handicraft as will enable him upon his re-  
 lease to more fully earn his own support  
 and make him a more self-reliant and self-  
 supporting citizen."

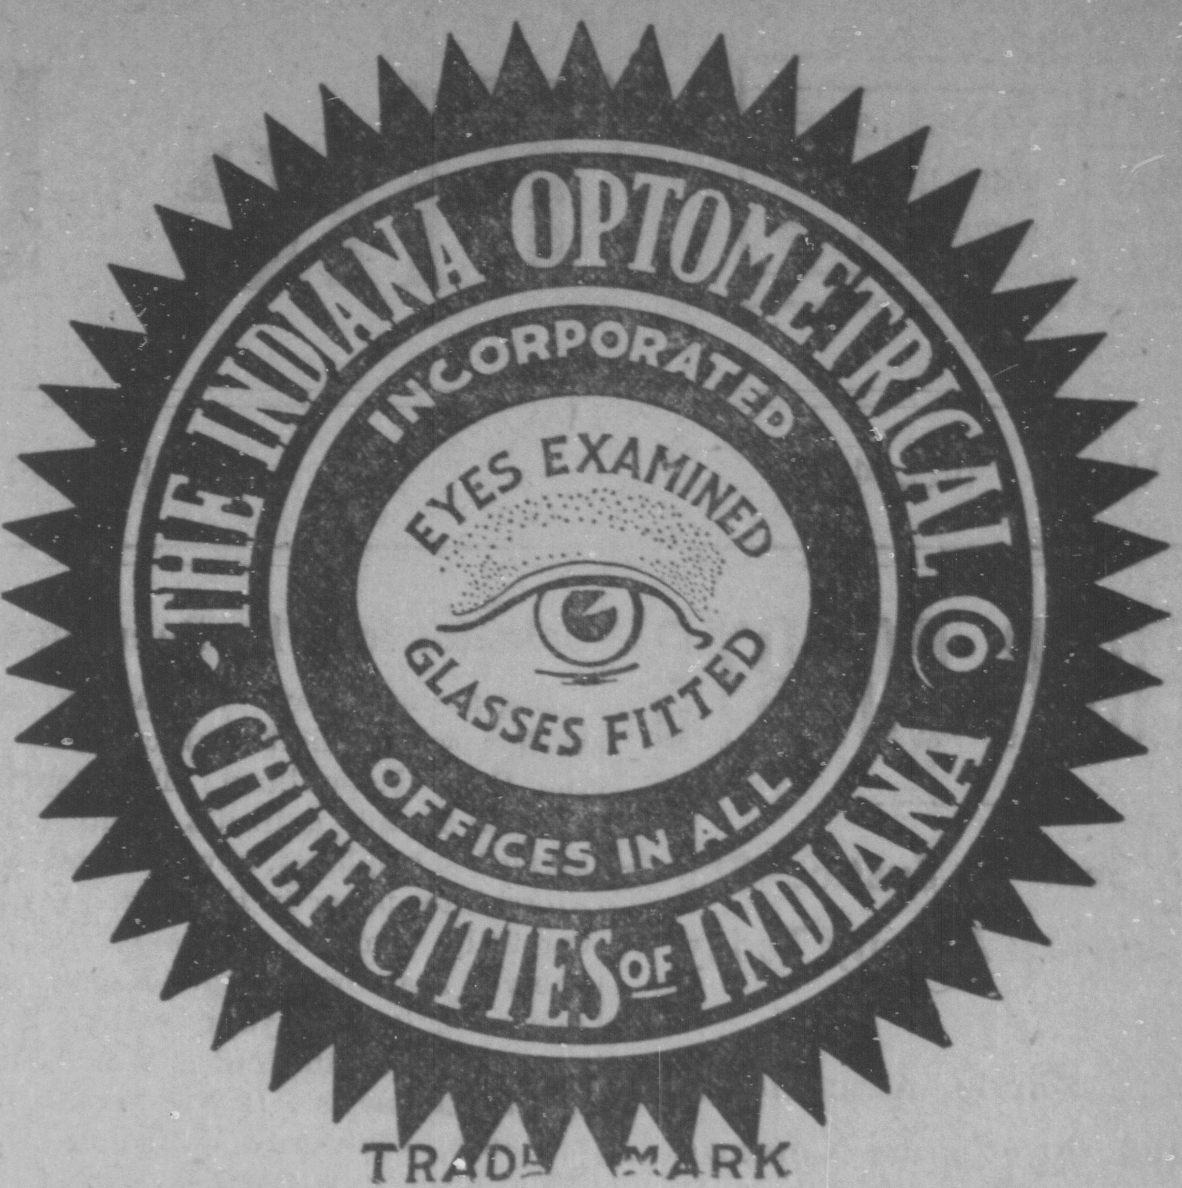

Among other wise and just measures  
 placed upon the statute books during this  
 period are the acts creating a labor com-  
 mission and providing means for the settle-  
 ment of the disputes between the employer  
 and the employee, and providing that all  
 fees of state officers and miscellaneous re-  
 cepts of state institutions be turned di-  
 rectly into the state treasury.

In 1893, under Democratic statutes, the  
 Democratic administration, these fees  
 amounted to only \$89,704.45 per annum;  
 under Republican statutes and Republican  
 administration in 1903 the fees from this  
 source turned into the general fund amount-  
 ed to \$488,583.78, a net saving to the tax-  
 payers of \$398,879.33 per annum.

During this period there have also been  
 placed upon the statute books laws provid-  
 ing for factory inspection, prohibiting the  
 employment of child labor, and providing  
 safeguards in the auditing of public ex-  
 penses.

Through the passage of the mortgage ex-  
 emption law, over 100,000 owners of homes  
 are now receiving the benefit of a just re-  
 duction of their taxes.  
 Through Republican legislation and ad-  
 ministration during this period the benev-  
 olent and penal institutions have been lift-  
 ed from political control and the wards of  
 the state have been assured humane and  
 efficient treatment. We renew our pledge  
 of devotion to the policy of non-partisan-  
 ship in the control of these institutions, be-  
 lieving that the trust imposed upon them  
 having their affairs in hand is too sacred  
 to be discharged with any end in view but  
 the interests of the commonwealth and the  
 welfare of those thus committed to its  
 care.

These and other acts of legislation and  
 administration illustrate the devotion of  
 the Republican party to the common weal.

and to the continuance and amplification  
 of such policies we pledge ourselves.

We are in favor of such wise and just  
 legislation as will adequately protect the  
 shipping, producing and consuming inter-  
 ests of the state, and prevent unjust dis-  
 crimination in rates and shipping facilities.

We favor placing private banks under  
 state control and regulation.

Primary elections and party nominations  
 should be amply safeguarded both by law  
 and party practice. We heartily approve  
 the action of the state committee in pro-  
 mulgating wholesome rules governing the  
 selection of delegates to state, district and  
 legislative conventions.

The state committee is directed to consid-  
 er the advisability of a further system of  
 party rules which shall apply to county,  
 township and other local primaries or as-  
 semblies, and is empowered to adopt the  
 same.

We demand the enactment by the legisla-  
 ture of such additional laws or amendments  
 to existing legislation as may be necessary  
 to secure fair and honest nominations of  
 candidates by all parties.

Since the succession of the Republican  
 party to legislative responsibilities in Indi-  
 ana in 1895, more than thirty important  
 laws for the benefit and protection of labor  
 have been placed upon the statute books  
 of the state, and these give assurance of  
 further measures under Republican rule in  
 the matter of legislation for the just safe-  
 guarding of the interests of the wage-  
 earner.

No state in the Union is more ably rep-  
 resented in the House of Representatives  
 than the state of Indiana by its Republican  
 members. They are men of character, abil-  
 ity and influence, and the people of the  
 state have a just appreciation of the splen-  
 did record they have made.

The Republicans of Indiana are proud of  
 the high rank and conspicuous services of  
 Charles W. Fairbanks and Albert J. Beveridge  
 in the senate of the United States,  
 and most heartily approve the record of  
 each of these distinguished leaders in that  
 great legislative body.

We congratulate all friends of wise and  
 sane governmental policies on the return  
 of Mr. Fairbanks to the senate for a sec-  
 ond term, by the last General Assembly.  
 Likewise, the next General Assembly  
 should act with equal wisdom in returning  
 Albert J. Beveridge as his own successor  
 to the place in the national congress where  
 his splendid talents have brought honor to  
 his state and nation. We unreservedly en-  
 dorse Senator Beveridge for re-election, and  
 commend him to the Republican delegation  
 in the next General Assembly as the choice  
 of the Republicans of Indiana, and as de-  
 serving the unanimous support of the mem-  
 bers of his party in that body.

Five hundred delegates and more than 2,000 colored religious workers from all parts of the world are attending the meeting. At the opening of the conference today Bishop M. B. Saler of Charleston, S. C., delivered the quadrennial sermon, after which the holy communion was administered by Bishop B. T. Tanner. The quadrennial address was delivered by Bishop James A. Handy of Baltimore. Tonight a welcome reception will be held at which Governor Yates of Illinois will deliver an address of welcome on behalf of the state and Mayor Harrison will welcome the colored visitors on behalf of the city.

## STATE NEWS

Indianapolis, May 2.—In the city campaigns that will close tomorrow the effort of the saloon men to get out a big vote has been one of the most interesting features. In many places they are not particular as to which candidate wins, but all their energy has been directed toward bringing out such a vote as will make it more difficult for the temperance forces to secure a sufficient number of signatures for a remonstrance. The fight between the saloon and anti-saloon people is to a finish. The anti-saloon forces are now preparing to take advantage of the recent supreme court decision that saloons must front on streets and not on alleys. Here in Indianapolis this decision will probably result in driving twenty-five or thirty saloons out of business.

## THE TERRELL CASE

Governor Orders an Investigation of Murderer's Mental Condition.

Indianapolis, May 2.—Acting under instructions issued by Governor Durbin, Sheriff Johnson of Wells county will bring insanity proceedings against John W. Terrell, who last week was given a life sentence in the circuit court at Bluffton for the murder of his son-in-law, Melvin Wolfe. The insanity inquest will be held at the Wells county jail by three physicians and a justice of the peace, and Terrell will, if the verdict is that he is of unsound mind, be at once removed to East Haven, at Richmond.

The terms of Terrell's parole, by which he will be taken to the asylum instead of to the Michigan City prison, are that if he shall recover from his mental disorder he is to be sent to Michigan City to serve his sentence. There will be no escape for Terrell; if he remains insane he will be kept at the Richmond asylum, and if his mind is restored he will be taken to prison to serve his life term.

All arrangements have been made by the governor for Terrell's admission to East Haven, and he will be taken there as soon as the insanity inquest is completed and the verdict announced. There is little doubt of Terrell's insanity, and Governor Durbin and Attorney General Miller took the step of having him legally declared of unsound mind, paroled and sent to the hospital.

## He Believed in Cremation.

Sullivan, Ind., May 2.—Coroner Maxwell has made an investigation and examination of a number of witnesses in regard to the death of Homer McConnell, who was cremated in a deserted cabin Friday night, but has not rendered a verdict in the case. Two detectives have arrived here and have begun work on the case. As yet no clue that tends to prove a murder theory has been found. The developments indicate to some extent that McConnell committed suicide. McConnell had often expressed the desire that his body be cremated in event of his death, which under the circumstances adds some degree of strength to the theory that he ended his life with a pistol after setting fire to the cabin.

## Indiana Science Teachers.

Indianapolis, May 2.—The Indiana Science Teachers' association ended its meeting after electing officers for the ensuing year. The new officers are as follows: President, George C. Bush, Marion; vice president, Miss Frances Brannan, Seymour; secretary, W. H. T. Howe, Indianapolis; treasurer, J. J. Thompson, Richmond. The executive committee now consists of the following members: L. B. McMullan, Indianapolis; E. A. Turner, Connorsville; O. W. Douglas, Anderson; J. P. Naylor, Greencastle, and R. P. Gilliam, Terre Haute.

## A Boy's Suicide.

Crawfordsville, Ind., May 2.—To the long list of Montgomery county suicides must be added the name of Carl Evans, the fourteen-year-old son of James Evans, who lived on a farm near Darlington. The boy went to the barn to put up his horse, and a few minutes later was found by his parents hanging by a halter-strap. No cause can be assigned, as the boy was in the best of spirits just a few minutes before.

## Killed by Dynamite Blast.

Monticello, Ind., May 2.—William Rowe, one of White county's wealthiest farmers, was killed by the premature explosion of a charge of dynamite while blasting a ledge of rock on his farm.

## The Seward Case.

Danville, Ind., May 2.—The trial of Henry M. Seward, charged with the murder of his wife, is rapidly nearing its end. The evidence is all in and the arguments began today.

The first Sunday of the world's fair found the gates tightly closed.

## Special Excursion to St. Louis.

The C. H. & D. Ry., will run special excursions to the World's Fair each Tuesday and Thursday from May 17th, 1904 to June 30th, 1904. The excursionists will find this line most convenient in view of the fact that the C. H. & D. enters St. Louis over the Wabash tracks, thus gaining the advantage of the Wabash Station right at the main entrance to the grounds in addition to the regular Union Station Terminal. The Wabash is the only line having a Station at the grounds.

To all who desire to avail themselves of the ample accommodations of the many large hotels convenient to main entrance, the arrangement by which the C. H. & D., can check baggage direct to the station will be very convenient, avoiding possible delay and inconvenience of a long transfer through the city, advantages offered by no other line from this territory.

Real enjoyment is had when reading that clever magazine, *The Smart Set*.

preparation, discovered and formulated 33 years ago, by the once celebrated physician and chemist, Dr. Franz Gauswein, of Weisbaden, Germany. The curative properties of "SEVEN BARKS" are extracted from the bark of a specially grown species of the Hydrangea plant—the bark of which, as botanists will tell you, grows in seven layers, each of different color and each possessing a distinctive medicinal value. It is the only plant known from which is extracted providence-given elements, which in combination produce a single panacea that is a sovereign remedy for most all ailments and diseases of the

## Lungs, Stomach, Bowels, Liver, Kidneys and Nerves.

"SEVEN BARKS" was introduced in America in 1872 by Mr. Lyman Brown, of New York City, a chemist of national repute, who in the early '70's spent nearly a year in Weisbaden before he could secure the highly prized formula. Although "SEVEN BARKS" has never been advertised in newspapers, yet thousands of American families are never without a bottle, while hundreds of physicians and druggists are recommending and prescribing it. By this slow process of personal recommendation "SEVEN BARKS" is today one of the most popular and most successful remedies on the American market. The reader has no doubt heard of it.

The undersigned purchased the formula and sole right of distribution in the United States. He realizes that every family desiring continuous good health should always keep a supply on hand, therefore strenuous efforts will be made to introduce it in every home where it is unknown.

If you are ill from any disorder of the stomach, or you are inclined to attacks of biliousness or constipation; if your bowels are inactive at times; if your kidneys are sluggish or pain you, or you suffer from sick or neuragic headaches, buy a 50 Cent bottle of "SEVEN BARKS" from your druggist. If this first bottle does not benefit you, or you are disappointed in its action, take the remaining portion back and get your money. It will be cheerfully returned.

If you cannot afford to pay for a bottle now, send us your name and address. We will give you an order on your home druggist for a bottle, with our compliments.

## LOCAL BREVITIES

A new crossing is being put in at the point where the J. M. & I. crosses Second street. New rails are also being laid.

The medicine show which has been exhibiting and selling Hadaar on our streets for the past week, departed this morning for Knightstown.

Houses are scarce in Rushville, and the report that a number of families contemplate coming here in the near future makes a "house famine" a possibility.

Six carloads of telegraph poles have arrived here from Middletown, Ind., for the interurban line. The poles will be set soon and the work will be pushed as rapidly as possible.

Greensburg News: The Republican election inspectors have selected the Democratic judges, the Democrats failed to certify their selection as provided by law.

Mrs. Moffett, who has been carrying the Republican in part of the city, has resigned and Dan Kinney has been employed to take those routes. Persons living on those routes will please note the change.

Frank Reynolds met with a painful accident at the Bentwood works, Saturday afternoon. He stepped onto a board containing a six-penny nail and drove the object into his foot. The injured member, while not serious, keeps him confined to his home and gives him some pain.

Seven tons of hay were stolen from a hay shed on the farm of James K. Sharp, near Charlestown, in this state, one night this week, and so safely sequestered that no trace of it can be found. Neither Mr. Sharp nor any of his neighbors had any knowledge of the theft until the former visited his barn, to find it empty.

The anniversary celebration of the "Pride of Shelbyville" Knights of Pythias lodge, of that city, was held there on Sunday afternoon. A parade was participated in, and three lodges and a uniform rank from Indianapolis were present, also member from Anderson and Rushville. The anniversary sermon was delivered in the Second Baptist church by the Rev. Dr. Leonard.

The class that graduated from Earlham College in 1873 is arranging for a reunion at the college during commencement week. There were thirteen members of the class and eleven are still living. Dr. D. W. Dennis and Prof. W. N. Trueblood, both members Earlham faculty, are members of the class. The meeting of the Earlham alumni association during commencement week this year will be marked by some innovations. Much of the formality will be done away with. The business session this year will be followed by a supper instead of the regular public meeting, and none but graduates will be admitted.

The admissions the first day at St. Louis were nearly 250,000 which is considerably higher than most of the local guessers put it.

The May term of the circuit court, in Ohio county, begins today and the Gillespie murder case will be called. Congressman Griffith will assist in the defense.

Shelbyville Republican: There is a young lawyer in Shelbyville who has little or no practice and who is about discouraged. On leaving his office the other day he placed a card in the crack of the door on which was written: "Will be back in an hour." When he came back he found written on the card the words: "What for?"

The eighteenth meeting of the Henry County Historical Society was held at New Castle Saturday. A program was rendered consisting of reminiscences by pioneers, including an address by Mrs. Anna Black, age ninety-two. Ex-Cov. Will Cumback and wife, of Greensburg, were present and Mr. Cumback delivered an address on "The Divine Right of Kings."

Richmond's button boom has already had a good effect. Three factories will be added to the city's industries as a result of the movement. The Chandelier and Art Brass works will erect substantial factory on the South Side. The Border Lock Nut works and the Richmond Canning Company are the other new concerns to commence business there.

Dr. S. E. Smith, superintendent of the Esatern Indiana Hospital for the insane at Richmond, has received no information as to when John W. Terrell, the Bluffton man convicted of murder in the first degree, will be brought there. Dr. Smith has informed Governor Durbin that he will make room for Terrell.

In an article concerning the Warfield & Wilson lot, that has been pledged to the traction company, the Republican said that Will Sparks would have to bring the condemnation proceedings, but we find upon investigation, that if condemnation proceedings are brought, the attorneys for the traction company will have to do it. Our informant was led to think Mr. Sparks had charge of it because Mr. Sparks was on the committee some time ago to collect funds.

"A professional female base ball club—or perhaps it would be more correct to say a female professional base ball club—has been organized in Indianapolis, the players appearing in bloomers and blouses." The word "blushes" in this connection is used by the grace of poetic license simply for the purpose of rounding out a figure of speech. A woman who unsexes herself to the extent of appearing on a professional ball field may be set down as having conquered the blushing habit long ago.—Frankfort News.

In a pleasant chat with Wm. E. Huston, Secretary and General Manager of the Indiana Optometrical Co., who is just opening magnificent offices in the Bowen room, No. 306 N. Main Street, adjoining Churchills, Mr. Huston expressed assurance that the people of this city will fully appreciate the down-to-date optical services this Company offers, and will avail themselves of the opportunity to come where they can obtain honest, conscientious, experienced eye and glass service, at the hands of specialists. The office here will be in charge of three expert examiners, T. H. Busey, J. M. Burke and Geo. C. Ownby all well posted in the practice of Optometry and thoroughly familiar with all eye defects which may be remedied with glasses.

## REPUBLICANS STAND BY YOUR GUNS

You have a substantial majority in the city. Do not delude yourselves that it matters not which party controls the City Government. It does. Democrats argue that in municipal affairs it makes no difference which party dominates, that city officials should be non-partisan. That's the burden of their talk in Republican communities, but in Democratic cities it is otherwise. You never hear that kind of talk there. THE NATIONAL ELECTION cannot be carried unless a majority of STATES are carried. States cannot be carried without COUNTIES are carried and counties cannot be carried without TOWNSHIPS and TOWNS are carried. The real fight begins at the foot of the ladder and hence our CITY ELECTION has not only a local significance, but a State and National significance as well. BEAR THIS IN MIND PLEASE and vote a STRAIGHT REPUBLICAN TICKET at the city election.
